

ADVERTISEMENT FOR BIDS

TOWN OF MANLIUS

ON-CALL SERVICES

for

Utility, Drainage, and Emergency Repair Services

The Town of Manlius will receive sealed bids for On-Call Utility, Drainage, and Emergency Repair Services.

The Town of Manlius is seeking to have a qualified construction contractor for on-call emergency and repair services. These contractors may be needed to support the utility and drainage systems throughout the Town.

Bids shall be enclosed in a sealed envelope, plainly marked with the title of the project "*Town of Manlius On-Call Services*" and name and address of the Bidder on the outside. No Bid will be considered unless filed on or before the time and at the place designated in the "Advertisement for Bids." Bids received after the time set for the opening will be returned to Bidders unopened. When sent by mail, preferably registered, the sealed Bid, marked as above, should be enclosed in an additional envelope similarly marked and addressed to:

**Town of Manlius
301 Brooklea Dr.
Manlius, NY 13066.**

Proposals will be accepted until **March 14, 2025 at 10:00 a.m.**

The Town of Manlius invites qualified contractors to submit proposals for on-call Utility, Drainage, and Emergency Repair Services. The Town is requesting a contractor to complete routine and emergency on-call services (both routine and emergency). Interested firms are invited to submit their responses in conformance with the criteria outlined below in the RFP. Work shall comply with New York State Department of Health and Department of Environmental Conservation, New York State Department of Transportation, and Town of Manlius standards. The purpose of this Request for Proposal (RFP) is to identify a firm to provide on-call services for 3 years.

A copy of the RFP can be obtained from the Town's website at: www.townofManlius.org or by calling the Town Clerk at 315-637-3521.

Any Addenda to this RFP document, including written answers to questions, will be posted on the Town of Manlius website, at least two (2) days prior to the proposal due date. Addenda and updates will NOT be sent directly to vendors. Questions may be addressed to Jason Ebbs, Town Engineer at: Jebbs@LaBellapc.com or (585) 295-6627

The Town of Manlius reserves the right to reject any or all proposals, to waive technical or legal deficiencies, and to negotiate and accept any proposal that it deems to be in the best interest of the Town.

REQUEST FOR PROPOSAL FOR ON-CALL SERVICES

INTRODUCTION AND SCOPE OF SERVICES:

The Town of Manlius is requesting proposals for On-Call Utility, Drainage and Emergency Services. The Town will select a qualified Contractor who can provide a quick response, quality end product, and a high level of customer service performance in all work efforts. The Contractor will be expected to work with the Town's staff professionally. The services are to be provided on an as-needed and request basis over a 3-year period.

The Town intends to select a qualified Contractor who is interested in performing such work and to establish in advance the rate of compensation for such services. The Task Order Contract for the selected Contractor is attached as an appendix included with this proposal package.

The contractor will be selected based on compensation rate and qualifications. The Town reserves the right, however, to consider responsiveness and past performance in determining which Contractor will be selected to perform work as needed on a Task Order Contract (provided as an appendix in the full request for proposals). The Town will proceed down the roster as necessary to meet the needs of the Town.

By seeking proposals from Contractors, the Town does not imply that it will utilize the Contractor's services any guaranteed number of times over the course of the contract.

BACKGROUND

The Town of Manlius is responsible for the maintenance and upkeep of storm sewers, catch basins, and storm manhole structures located along the roads within the Town's jurisdiction.

SCOPE OF WORK

The scope of work consists of both routine and emergency services, as needed.

Routine work may include:

- Replacing existing storm sewers
- Replacing existing storm catch basins & manholes
- Repairing storm retention & metering basins.
- Additional work necessary for completion such as dewatering, traffic control, bypass pumping and other associated work.

Routine activities occur during the typical business hours (7:00am-3:00pm). Work required during these hours shall commence after Town staff approve a contractor's quote.

Emergency work examples include:

Work required during significant rainfall events, to address issues such as collapsed or broken pipes, severe blockages, and the stabilization of eroded areas or sinkholes. Generally, this encompasses any routine maintenance tasks that become critical and necessitate repair within a 24-hour period.

At times, the Town may require only excavation or other specific services to support Town employees in the execution of their work. The Town will identify routine and emergency services required for each incident.

Attached Form of Contract:

All work will be performed in accordance with the terms of the enclosed form Contract for Emergency and Repair Services. The attached Contract shall be executed for each individual project. The bid information submitted by the Contractor in terms of pricing will be inserted into each individual contract along with the scope of work for each new project.

GENERAL INSTRUCTIONS:

A. Submission:

Submit two copies of Contractor's Company's Proposal in 8-1/2" x 11" format. Proposal shall include all required information and a fully completed Fee Proposal Form.

B. Questions:

Written questions pertaining to all issues associated with this RFP shall be directed in writing via e-mail by **March 7, 2025,**

Jason Ebbs JEbbs@labellpc.com

If any person contemplating submission of a proposal finds discrepancies in or omissions from or is in doubt as to the meaning of any part of the RFP Documents, they may request an interpretation thereof prior to the Deadline for Submission of Questions. Any interpretations or corrections released by Addendum shall be binding. Addenda to this proposal document, if any, including written answers to questions, will be posted on the Town of Manlius website under the project heading. Addenda will not be provided directly to Service Companies. Each Contractor shall ascertain prior to submitting their Proposal that he/she has received all Addenda issued.

C. Submittal Requirements:

Contractor shall include the following items in the Company's Proposal:

1 Qualifications:

On company letterhead state the full name and address of your organization and, if applicable, the branch office or other subordinate element that will perform, or assist in performing, the work. Briefly describe the history of the firm and the types of services provided. Identify areas of technical and skilled trade expertise which make the firm qualified for this work. Provide contact information.

2 Employees:

Identify the individuals or classes of employees that will be employed in the work. Show where these personnel will be physically located during the time they are engaged in the work. Indicate which of these individuals you consider key to the successful completion of the type of work anticipated. Resumes or qualifications (maximum of one page per individual) may be submitted in this section. Qualifications and capabilities of any sub-consultants must also be included.

3 Proposed Work Plan:

Provide a written summary of your general approach to responding to Town requests for work. The summary should include availability to perform task-based work, time needed to mobilize, turn-around time to prepare fee estimates for individual tasks, and ability to perform on-call emergency work, if needed. As part of this section of the proposal, Contractor should identify the amount of time needed to visit a proposed work site after being notified by the Town, time needed to prepare a proposal, and after acceptance of proposal by the Town, the time needed to mobilize and begin work.

4 Relevant Experience:

- Provide the details of the Contractor's last five relevant projects and past performance of the contractor and its team members on comparable work. This item should cover, at a minimum, the substantive nature of comparable projects.
- Provide sufficient information about their experiences to permit the Town to understand and verify the exact nature of the contributions made by the Contractor to the projects listed.
- Provide at least 2 examples of work performed in collaboration with Town & Municipality work crews. Provide the names and contact information for the Towns.

5 Fee proposals:

In addition to the qualification proposal as discussed above, complete fee proposal form as provided as Appendix A at the end of this invitation.

The rates listed in Appendix A will remain valid for one year from the date of the agreement. Before the start of each calendar year, the contractor and the Town will negotiate and agree upon an escalation factor for the hourly rates. Proposals will be structured with hourly or weekly estimates of equipment usage and labor (whichever is appropriate for the duration of the task) and a list of materials and associated pricing. The Town will supply the necessary materials for repairs. However, in cases where the Contractor provides the materials, the Contractor shall be entitled to a 10% markup on material costs. If the contractor needs to rent additional equipment to complete the work the contractor shall be entitled to a 15% markup on the cost of renting. Back-up documentation for renting and material costs shall be provided with the final invoices. The Town may also decide to complete tasks on a Time and Materials basis using the fee schedule included as part of the Contractor's proposal.

D. Selection Criteria:

The contractor's bid package will be selected according to the following criteria:

- 1 Professional Qualifications, Team and Experience
- 2 Project Approach as Demonstrated by Proposed Work Plan
- 3 Fee proposal

E. Reservation of Rights:

By submitting a proposal, the Contractor authorizes the Town to undertake such Investigation as may be necessary to verify the Contractor's qualifications and reputation. The Contractor may be requested to execute a release(s) in favor of third parties who have information relative to the Contractor's qualifications and reputation. Refusal to execute a release may result in disqualification.

The Town of Manlius reserves the right to reject any or all Proposals, to waive technical or legal deficiencies, and to negotiate or accept any proposal that it may deem to be in the best interest of the Town.

APPENDIX A

Fee Proposal Sheet On – Call Services

The proposing party hereby offers to provide the Town of Manlius’s Water and Sewer Division with emergency and repair services, on an on-call basis, as detailed by the RFP for the following prices:

ITEM	units	Rate/Cost
Base Crew - Normal working hours	per hour	
Base Crew - Outside normal working hours	per hour	
Base Crew – Overtime	per hour	
Additional Laborer - Normal working hours	per hour	
Additional Laborer- Outside normal working hours	per hour	
Additional Laborer – Overtime	per hour	
Additional Operator – Normal working hours	per hour	
Additional Operator – Outside normal working hours	per hour	
Additional Operator – Overtime	per hour	
Trucking Granular Materials (To be picked up by contracted vender and billed to Town)	per hour	

*Base Crew = 1 Foreman, 1 Truck Driver, 1 Operator, 2 Laborers, Vehicles and Equipment necessary to complete the scope of work indicated above including but not limited to excavators, backhoe, compaction equipment, dump truck, etc.

*Normal Working Hours = 7:00 am to 3:00 pm (Monday – Friday)

*Overtime = For projects expected to last more than one work week, overtime is defined as any hours worked beyond 40 in a single work week. For projects expected to be completed in less than a week, overtime is defined as any hours worked beyond 8 in a single day. Overtime hours must be approved by the Town prior to the being completed.

*Outside of Normal Working Hours = The intent of this item is for hours worked for non-routine emergency services outside of normal working hours. For all routine services, the normal working hours and overtime rates are to be used.

APPENDIX B

CONTRACT FOR EMERGENCY AND REPAIR SERVICES

THIS AGREEMENT is made as of this _____ day of _____, 2025, by and between the Town of Manlius, New York with a principal place of business at 301 Brooklea Dr, Manlius, New York 13066 (hereinafter “Owner”) and _____, with a principal place of business at _____ (“Contractor”).

ARTICLE I - WORK - The Contractor shall perform all Work as specified in the attached Scope of Work and Schedule dated ___ and attached as Exhibit A. The Contractor shall provide, at its expense, all labor, materials, equipment and incidentals as may be necessary for the expeditious and proper execution of the Work.

ARTICLE II - CONTRACT TIME - The work will commence immediately and be completed as described in the Scope of Work and Schedule.

ARTICLE III - ENGINEER - The Town Engineer or an authorized representative will act as engineer in connection with completion of the Work.

ARTICLE IV - CONTRACT PRICE - Owner shall pay Contractor for performance of the Work in accordance with the following:

Check appropriate box:

- The rates in the Fee Proposal Sheet submitted by Contractor as part of Appendix A
- The agreed upon prices set forth in Exhibit B.

ARTICLE V - PAYMENT & RETAINAGE – Payment shall be made as

follows: Check the appropriate box:

- Subject to any additions and deductions allowed for in this Contract, Owner shall make a lump sum payment upon Owner’s final inspection and acceptance of the Work, settlement of all claims and receipt of all close-out documentation.
- Subject to any additions and deductions allowed for in this Contract, the Contractor shall submit invoices monthly for that portion of the Work completed.

Upon Contractor’s completion of all Work, Owner shall make final payment upon Owner’s final inspection and acceptance of the Work, settlement of all claims and receipt of all close-out documentation.

Owner shall make payment to Contractor within 45 days if all conditions for payment as set forth above have been met.

ARTICLE VI – SPECIAL CONDITIONS – If there are any special conditions for this Work they shall be listed in Exhibit C. Special Conditions may without limitation include: limitations on times of work; coordination with Town forces or other contractors; and shop drawing requirements.

ARTICLE VII – BOND REQUIREMENTS – Any Work totaling over **thirty-five thousand dollars (\$35,000.00)** requires Contractor to obtain a payment bond (also known as a Labor & Material bond) to secure payment to subcontractors and material suppliers. The amount of the bond shall be equal to the amount of the Work.

ARTICLE VIII - LIQUIDATED DAMAGES – Unless otherwise set forth in an Exhibit D, in event the Contractor fails to successfully complete the work within the specified contract time the Owner may assess the Contractor liquidated damages in the amount of **one hundred dollars (\$100.00)** for each calendar day beyond the specified completion date. Liquidated damages shall be deducted from the Contract Price prior to final payment of the Contractor.

ARTICLE VIII – CONTRACT DOCUMENTS – The Contract Documents which comprise the contract between Owner and Contractor are attached hereto and made a part hereof and consist of the following:

- A. This Contract
- B. Contractor’s Bond (if any)
- C. Non-Collusive Bidding Certificate
- D. Execution of the Work
- E. General Requirements, Control of Work, Temporary Facilities, Measurement and Payment
- F. Insurance Requirements
- G. Temporary Facilities
- H. Measurement and Payment
- I. Maintenance Bond
- J. Any modifications, including change orders, duly delivered after execution of this Agreement

ARTICLE IX – TERMINATION FOR DEFAULT – Should contractor at any time refuse, neglect, or otherwise fail to supply a sufficient number or amount of properly skilled workers, materials, or equipment, or fail in any respect to prosecute the work with promptness and diligence, or fail to perform any of its obligations set forth in the Contract, Owner may, at its election, terminate the employment of Contractor, giving notice to Contractor in writing of such election, and enter on the premises and take possession, for the purpose of completing the Work included under this Agreement, of all the materials, tools and appliances belonging to Contractor, and to employ any other persons to finish the work and to provide the materials therefore at the expense of the Contractor.

ARTICLE X – INDEMNIFICATION OF OWNER – Contractor will indemnify Owner against all suits, claims, judgments, awards, loss, cost or expense (including without limitation attorneys’ fees) arising in any way out of the Contractor’s negligent performance of its obligations under this Contract. Contractor will defend all such actions with counsel satisfactory to Owner at its own expense, including attorneys’ fees, and will satisfy any judgment rendered against Owner in such action.

ARTICLE XI – PERMITS – The Town will secure all permits and consents required by law as necessary to perform the work and will give all notices and pay all fees and otherwise comply with all applicable Town, State, and Federal laws, ordinances, rules and regulations.

ARTICLE XII – INSURANCE – The Contractor shall secure and maintain, until acceptance of the work, insurance with limits not less than those specified in the Contract.

ARTICLE XIII – MISCELLANEOUS:

- A) Neither Owner nor Contractor shall, without the prior written consent of the other, assign, sublet or delegate, in whole or in part, any of its rights or obligations under any of the Contract Documents; and, specifically not assign any monies due, or to become due, without the prior written consent of Owner.
- B) Owner and Contractor each binds itself, its partners, successors, assigns and legal representatives, to the other party hereto in respect to all covenants, agreements and obligations contained in the Contract Documents.
- C) The Contract Documents constitute the entire Agreement between Owner and Contractor and may only be altered amended or repealed by a duly executed written instrument.
- D) The laws of the State of New York shall govern this Contract without reference to the conflict of law principles thereof.
- E) Venue for any dispute shall be Onondaga County Supreme Court unless the parties otherwise agree.

IN WITNESS WHEREOF, the parties hereunto executed this

AGREEMENT the day and year first above written.

CONTRACTOR:

BY: _____

TITLE: _____

TOWN OF MANLIUS, NY

BY: _____

Robert Cushing, Highway Superintendent

8.1 – NON-COLLUSIVE BIDDING CERTIFICATE:

By submission of this bid, each bidder and each person signing on behalf of any bidder, certifies, and in case of a joint bid, each party hereto certifies as to its organization, under penalty of perjury, that to the best of knowledge and belief:

1. The prices in this bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor.
2. Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to the opening, directly or indirectly, to any other bidder or to any competitor.
3. No attempt has been made or will be made by the bidder to induce any other person, partnership, or corporation to submit or not to submit a bid for the purpose of restricting competition.
4. The bidder herein has carefully examined the annexed form of the contract and contract documents.
5. The bidder has not violated the provisions of Section 103-d of General Municipal Law.

 (Notary Public)

8.2 - EXECUTION OF WORK:

- A) The selective repairs and/or maintenance approach should be performed using a “find it/fix it” approach that consists of five primary steps:
1. Meet/Speak with Town staff to discuss the proposed work
 2. Conduct a site walk to evaluate field conditions
 3. Create Dig Safe Ticket, if not done by Town forces
 4. Prepare an itemized cost estimate for proposed work, if routine
 5. Prepare and execute a task order for proposed work
- B) Services are to include provision of all labor, equipment, tools, and materials necessary to complete the work. If necessary, the Town may supply repair materials at its discretion.
- C) Workmanship and Materials:
1. All equipment, materials, and labor offered and utilized, and all workmanship shall comply with all current codes, standards, regulations, and statutes pertaining to the works of this nature. All necessary federal, state, and local permits and licenses required for the safe completion of the work shall be obtained and kept available at the work site for inspection.
 2. All materials required for this work shall be of the latest proven technology new and in original containers, with preference to town acceptable materials.
 3. Equipment offered and utilized must be in good mechanical condition and not require excessive maintenance, repair, or create excessive down time that jeopardizes the Contractor’s ability to complete the work.
 4. All work shall be accomplished in an expeditious manner by professionals trained for such work.
- D) Regulations:
1. The Contractor will comply with all applicable Federal and State labor, compensation, and employer liability insurance for all their employees engaged in the work on the job site.

E) Invoicing and Payments:

1. Contractor shall invoice the Town within 30 days of a completed service. The Contractor shall include material costs within the cost estimate and task order, unless otherwise negotiated with the Town. An invoice showing costs of materials with a bill of sale attached must be supplied.

The Town shall make payment within 45 days of receipt of invoice. Invoices should be submitted to:

Town of Manlius Town
Engineer
Attn: Robert Cushing
301 Brooklea Dr,
Manlius, NY 13066

Payment shall be within 45 days of receipt and approval of invoice.

- F) Driver and Operator License: All drivers and/or equipment operators must be properly licensed and experienced. The Contractor is responsible for updating driver and operator information as necessary. The Town reserves the right to verify this information at any time before contract award or any time throughout the duration of the contract. Any Contractor who fails to supply photocopies of the operator licenses if requested will be subject to disqualification.
- G) Confined Space: Certain aspects of work performed under this contract may involve the entry into manholes, tanks, trenches, etc.; which are defined as confined spaces by OSHA requirements which detailed in the Combined Federal Register 1910.146. The Contractor is advised to become familiar with all aspects and requirements of this OSHA policy in order for the Contractor to protect his employees and all others involved from the dangers that maybe associated with the limited access and hazardous responsibility to become familiar with and institute the various permitting, sampling, and other associated safety requirements for confined space entry.
- B. Accident Prevention: Precaution shall be exercised at all times for the protection of persons (including employees) and property; and hazardous conditions shall be guarded against or eliminated.

8.3 - GENERAL REQUIREMENTS:

- A) Incidental Work: Incidental work items for which separate payment is not measured includes, but is not limited to, the following items:
1. General clean up;
 2. Signs & barricades;
 3. Mobilization/Demobilization;
 4. Restoration of property;
 5. Cooperation with other contractors, abutters and utilities;
 6. Clearing, grubbing and stripping;
 7. Steel and/or wood sheeting as required;
 8. Accessories, fasteners and/or components required to make items complete and functional;
 9. Final clean-up, the Contractor shall remove from the site all machinery, equipment, surplus materials, rubbish, temporary buildings, barricades and signs. All parts of the Work shall be left in a neat and presentable condition. On all areas used or occupied by the contractor, regardless of the contract limits, the Contractor shall clean-up all sites and storage grounds.
- B) Alteration of plans or of character of work:
1. The Owner reserves the right, without notice to Surety, to make such alterations of the plans or of the character of the Work as may be necessary or desirable to complete fully and acceptably the proposed Work; provided that such alterations do not increase or decrease the Contract Price.
- C) Change Orders:
1. The Owner reserves the right to issue a formal change order for any increase, decrease, deletion, or addition of Work or any increase in contract time or price. The contractor shall be required to sign the change order and it shall be considered as part of the Contract documents.

CONTROL OF WORK

AUTHORITY OF ENGINEER:

- A) All work shall be done under supervision and the satisfaction of the Town Engineer or the Town designee. The Town Engineer will decide all questions which may arise as to the quality and acceptability of materials furnished and work performed and as to the rate of progress of the work; all questions that may arise as to the interpretation of the plans and specifications; and all questions as to the acceptable fulfillment of the Contract by the Contractor.
- B) The Town Engineer will have the authority to suspend the Work wholly or in part for such periods as he may deem necessary due to the failure of the Contractor to correct conditions unsafe for workers or the general public; for failure to carry out provisions of the Contract; for failure to carry out orders; for conditions considered unsuitable for the prosecution of the work, including unfit weather; or for any other condition or reason deemed to be in the public interest. The Contractor shall not be entitled any additional payments arising out of any such suspensions.
- C) The Owner reserves the right to demand a certificate of compliance for a material or product used on the project. When the certificate of compliance is determined to be unacceptable to the Town Engineer the Contractor may be required to provide engineering and testing services to guarantee that the material or product is suitable for use in the project, at its expense (see Sample of Certificate of Compliance).

PROTECTION AND RESTORATION OF PROPERTY AND LANDSCAPES:

- A) The Contractor shall use every precaution to prevent injury or damage to wires, poles, or other property of public utilities; trees, shrubbery, crops, and fences along and adjacent to the right-of-way, all underground structures such as pipes and conduits, within or outside of the right-of-way; and the Contractor shall protect and carefully preserve all property marks until an authorized agent has witnessed or otherwise referenced their location.
- B) The Contractor shall be responsible for all damage or injury to property of any character, during the prosecution of the work, resulting from any act, omission, neglect, or misconduct in his manner or method of executing the work, or at any time due to defective work or materials, and said responsibility will not be released until the project shall have been completed and accepted.
- C) When or where any direct or indirect damage or injury is done to public or private property by or on account of any act, omission, neglect, or misconduct in the execution of the work, or as a result of the failure to perform work by the Contractor, the Contractor shall restore, at its own expense, such property to a condition similar or equal to that existing before such damage or injury was done, by repairing rebuilding, or otherwise restoring as may be directed, or the Contractor shall make good such damage or injury in an acceptable manner.
- D) If the Contractor fails to repair, rebuild or otherwise restore such property as may be deemed necessary, the Owner, after 48 hours' notice, may proceed to do so, and the cost thereof may be deducted from any money due or which may become due the Contractor under the contract.

- E) It is the intent of the Parties that the Contractor preserve, to as great an extent as possible, the historic & natural features of the site.

MAINTENANCE DURING CONSTRUCTION

- A) The Contractor shall maintain the work during construction and until the project is accepted. This maintenance shall constitute continuous and effective work prosecuted day by day, with adequate equipment and workers to ensure that the structure is kept in satisfactory conditions at all times.

SAFETY PRECAUTIONS

- A) Upon commencement of work, the Contractor shall be responsible for initiating, maintaining and supervising all safety precautions necessary to ensure the safety of employees on the site, other persons who may be affected thereby, including the public, and other property at the site or adjacent thereto.

BARRICADES, WARNING SIGNS AND TRAFFIC OFFICERS

- A) Maintenance and protection of traffic must comply with the New York State Department of Transportation “Manual of Uniform Traffic Control Devices”, Section 619 of the current NYSDOT standard specifications.
- B) The Contractor shall provide, erect and maintain all necessary barricades, suitable and sufficient lights, danger signals, signs and other traffic control devices, and shall take all necessary precautions for the protection of the work and safety of the public. Roadway closed to traffic shall be protected by effective barricades. Obstructions shall be illuminated during hours of darkness. Suitable warning signs shall be provided to control and direct traffic in a proper manner, as approved by the engineer.
- C) The Contractor will be held responsible for all damage to the work from traffic, pedestrians, and animals or any other cause due to lack of adequate controlling devices.
- D) The work prescribed herein will not be paid for separately but will be paid for as part of the Contract Price unless agreed to in writing otherwise.

8.4 - INSURANCE REQUIREMENTS

Insurance shall be in such form as will protect the Contractor from all claims and liabilities for damages for bodily injury, including accidental death, and for property damage, which may arise from operations under this contract whether such operation by themselves or by anyone directly or indirectly employed by them. Insurance shall be provided by a licensed carrier with a best rating A-XV or better. General aggregate applies per location or project.

AMOUNT OF INSURANCE:

- A) Comprehensive General Liability:
 - Occurrence - \$1,000,000
 - Person & Adverse Injury - \$1,000,000
 - General Aggregate - \$2,000,000
 - Products & Completed Operations - \$2,000,000
- B) Automobile and Truck Liability:
 - Occurrence - \$1,000,000
- C) Umbrella Liability Insurance:
 - Occurrence - \$5,000,000
- D) Owner's Protective Liability Insurance:
 - Bodily Injury or Property Damage - \$2,000,000
 - Per occurrence and general aggregate
- E) Statutory Workers Comp
 - Employers Liability - \$500,000
- F) Builders Risk
 - Builders Risk - \$100,000
- G) Contractors Pollution
 - Each Claim, - \$2,000,000
 - General Aggregate - \$4,000,000

Coverage requirements can be met with excess policies.

Additionally, the Contractor shall purchase and maintain the following types of insurance:

- A) Workers Comprehensive Insurance coverage for all people employed by the Contractor to perform work on this project. This insurance shall at a minimum meet the requirements of the most current laws of the State of New York.
- B) Contractual Liability Insurance coverage in the amounts specified above under Comprehensive General Liability.
- C) Product and Completed Operations coverage to be included in the amounts specified above under Comprehensive General Liability.

ADDITIONAL INSURED:

All liability policies (including any excess policies used to meet coverage requirements) shall include the Town of Manlius, New York as named Additional Insureds.

- 1) The contractor's insurance shall be primary in the event of a loss.
- 2) The Additional Insured endorsement must include language specifically stating that the entity is to be covered for all activities performed by, or on behalf of, the contractor, including the Town of Manlius's general supervision of the contractor.
- 3) Town of Manlius shall be listed as a Certificate Holder. The Town shall be identified as follows:

Town of Manlius
5970 Clemons Road,
East Syracuse, NY 13066

8.5 - TEMPORARY FACILITIES

STORAGE FACILITIES:

- A) The Contractor shall not store materials or equipment in a public right-of-way beyond the needs of one working day. Equipment and materials shall be stored in a location approved by the Owner.
- B) The Contractor shall protect all stored materials from damage by weather or accident and shall insure adequate drainage at and about the storage location.
- C) Prior to final acceptance of the work all temporary storage facilities and surplus stored materials shall be removed from the site.

8.6 - MEASUREMENT AND PAYMENT

SCOPE OF PAYMENT:

- A) The Contractor shall receive and accept compensation provided for in the contract as full payment for furnishing all materials and for performing all Work under the contract in a complete and acceptable manner and for all risk, loss, damage or expense of whatever character arising out of the nature of the Work or the prosecution thereof.
- B) The Contractor shall be liable to the Owner for failure to repair, correct, renew or replace, at his own expense, all damage due or attributable to defects or imperfections in the construction which defects or imperfections may be discovered before or at the time of the final inspection and acceptance of the work.
- C) No monies payable under the contract, shall become due or payable if the Owner so elects, until the Contractor shall satisfy the Owner that the Contractor has fully settled or paid all labor performed or furnished for all equipment hired, including trucks, for all materials used, and for fuels, lubricants, power tools, hardware and supplies purchased by the Contractor and used in carrying out said contract and for

labor and parts furnished upon the order of said Contractor for the repair of equipment used in carrying out said contract; and the Owner, if he so elects, may pay any and all such bills, in whole or in part.

FINAL ACCEPTANCE:

- A) Upon due notice from the Contractor of presumptive completion of the entire project, the Owner and Town Engineer, or Highway Superintendent, will make an inspection. If all construction provided for and contemplated by the contract is found complete to their satisfaction, this inspection shall constitute the final inspection and the Owner or Town Engineer will make the final acceptance and notify the Contractor in writing of this acceptance as of the date of the final inspection.
- B) If, however, the Town Engineer's inspection discloses any work in whole or in part, as being unsatisfactory, the Engineer will give the Contractor the necessary instructions for correction of such work, and the Contractor shall immediately comply with and execute such instructions. Upon correction of the work, another inspection will be made which shall constitute the final inspection provided the work has been satisfactorily completed. In such event, the Town Engineer will make the final acceptance and notify the Contractor in writing of this acceptance as of the date of final inspection.

ACCEPTANCE AND FINAL PAYMENT:

- A) When the project/repair has been accepted and upon submission by the Contractor of all required reports, completed forms and certifications, the Owner will review the final estimate of the quantities of the various classes of work performed. The Contractor may be required to certify that all bills for labor and material used under this contract have been paid.
- B) The Contractor shall file with the Owner any claim that the Contractor may have regarding the final estimate at the same time the Contractor submits the final estimate. Failure to do so shall be a waiver of all such claims and shall be considered as acceptance of the final estimate. After approval of the final estimate by the Owner, the Contractor will be paid the entire sum found to be due after deducting all previous payments and all amounts to be retained or deducted under the provisions of the contract.
- C) All prior partial estimates and payments shall be subject to correction in the final estimate and payment.

GENERAL GUARANTY AND WARRANTY OF TITLE:

- A) Neither the final certification of payment nor any provision in the contract nor partial or entire use of the improvements embraced in this Contract by the Owner or the public shall constitute an acceptance of work not done in accordance with the Contract or relieve the Contractor of liability in respect to any express or implied warranties or responsibility for faulty materials or workmanship. The Contractor shall promptly remedy any defects in the work and pay for any damage to other work resulting therein. The Owner will give notice of defective materials and work with reasonable promptness.
- B) No material, supplies or equipment to be installed or furnished under this Contract shall be purchased subject to any chattel mortgage or under a conditional sale, lease purchase or other agreement by which an interest therein or in any part thereof is retained by the Seller or supplier.

The Contractor shall warrant good title to all materials, supplies and equipment installed or incorporated in the work and upon completion of all work, shall deliver the same together with all improvements and appurtenances constructed or placed thereon by them to the Owner free from any claims, liens or charges. Neither the Contractor nor any person, firm or corporation furnishing any material or labor for any work covered by this Contract shall have the right to a lien upon any improvements or appurtenances thereon.

- C) Nothing contained in this paragraph, however, shall defeat or impair the right of persons furnishing materials or labor to recover under any bond given by the Contractor for their protection or any rights under any law permitting such persons to look to funds due the Contractor in the hands of the Owner. The provisions of this paragraph shall be inserted in all subcontractors and material contracts and notice of its provisions shall be given to all persons furnishing materials for the work when no formal contract is entered into for such materials.

NO WAIVER OF LEGAL RIGHTS:

- A) Upon completion of the work, the Owner will expeditiously make final inspection and notify the Contractor of acceptance. Such final acceptance, however, shall not preclude or stop the Owner from correcting any measurement, estimate, or certificate made before or after completion of the work, nor shall the Owner be precluded or be stopped from recovering from the Contractor or his Surety, or both, such overpayment as it may sustain by failure on the part of the Contractor to fulfill his obligations under the contract. A waiver on the part of the Owner of any breach of any part of the contract shall not be held to be a waiver of any other or subsequent breach.
- B) The Contractor, without prejudice to the Contract shall be liable to the terms of the Contract, shall be liable to the Owner for latent defects, fraud or such gross mistakes as may amount to fraud, and as regards the Owner's right under any warranty or guaranty.

8.7 - MAINTENANCE BOND

- A) At the Owner's election, a maintenance bond may be substituted for retainage at the completion of the project. If the Owner permits a maintenance bond, it shall be in the amount of Twenty Percent (20%) of the contract price with a corporate surety approved by the Owner. Such bond shall be provided at the time of Contract completion and shall guarantee the repair of all damage due to faulty materials or workmanship provided or done by the Contractor. This guarantee shall remain in effect for a period of one year after the date of final acceptance of the job by the Owner.
